**ABBREVIATION REFERENCE:** AIR = American Indian Reservation;  
Trust Land = OF-Reservation Trust Land; TJSA = Tribal Jurisdiction Statistical Area; TDASA = Tribal Designated Statistical Area;  
ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CCD<sup>1</sup> = Census Civil Division;  
CDP = Census Designated Place; BNA = Block Numbering Area.

**FEATURES**

Highway	Pipe/Power Line	Stream/Shoreline
Secondary Road	Ridge/Physical Feature	Intermittent Stream
Jetty/Tidal/Wake/Ferry	Property/Fence Line	Reservoir
Railroad	Navigable Boundary	Canal/Irrigation

. Military . Inset Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.  
<sup>1</sup> A "•" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.  
<sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a "-SV" suffix. An anchor symbol appeared on the 1990 maps locating a crew's-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.  
<sup>3</sup> A "+" following a block number indicates that the block number is repeated elsewhere in the block.

The map displays the geographic distribution of various land parcels within the EXETER CCD 90940. The central feature is a large pink-shaded rectangular parcel labeled 'Exeter 23126' with two distinct parts identified by codes 317A and 318A. To its right is another pink-shaded vertical strip labeled '317B'. Further east, there are smaller yellow-shaded parcels labeled '316B' and '15'. The entire area is bounded by a red line representing the census tract boundary. Major roads such as W Myer Ave and Ave 264 are clearly visible. The map includes coordinate markings along all four edges: top-left (36 279749N, 119 172988W), top-right (36 279749N, 119 153875W), bottom-left (36 267814N, 119 172988W), and bottom-right (36 267814N, 119 153875W). Various features like forests, grasslands, ridges, pipelines, railroads, streams, reservoirs, canals, and military zones are indicated according to the legend.

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94–171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement. Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A '\*' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A '\*' following a block number indicates that the block number is repeated elsewhere in the block.
